

TEARRARIUM

But crying is still **stigmatized** even though it can be very healthy. And sometimes it's the only way you know how to **express** yourself.

Tearrarium is a device that turns your **tears into new life.**
And provides comfort during your toughest times.

- Consists of 4 components:
1. Topography Model
 2. Glasses
 3. Pump and Water Bank
 4. Arduino and Friends
